

SPONSORSHIP AND EXHIBITION PROSPECTUS
INVITATION TO INDUSTRY

7th International Update Neuro-Anesthesia & Neuro-Intensive Care

interdisciplinary
neuroscience

The Austrian organizing committee would like to cordially invite you to join the up-coming 7th EURONEURO Meeting in Vienna 2012.

EURONEURO is the leading interdisciplinary and „state-of-the-art“ educational meeting for health care professionals involved in all aspects of neurology, neurosurgery and acute care of the brain.

Join EURONEURO 2012, and bring interested friends and colleagues.

NEURO

WELCOME

Dear colleagues,

Welcome to EuroNeuro 2012, the 7th most comprehensive interdisciplinary neuroscience-meeting, which will take place in Vienna, February 16th -18th 2012. We are proud to host EuroNeuro 2012, a “must attend” for health care professionals involved in all aspects of neurology, neurosurgery and acute care of the brain.

EuroNeuro is a biennial congress which started in 1997 at the Department of Anesthesiology and Critical Care Medicine in Genk, Belgium, and since then has gained widespread interest. EuroNeuro today remains the leading platform in the field of neuroscience to share the latest information and treatment options for the protection of the brain.

This meeting is planned to offer something for everyone - in all areas of neuroscience.

We will start with an educational program, so called “Rookie-Seminars” before the meeting and then tend to a comprehensive scientific program focusing on topics of all contributing specialities.

We expect an attendance of more than 600 specialists in the field specifically address young scientists to submit their abstract to this meeting, offering a face-to-face interaction with numerous capacities in the field to discuss research and results.

Plenary Sessions are scheduled to include new ideas as well as learning tracks to improve your knowlegde, your skills and the care you deliver to your patients. In addition, this congress provides the perfect environment and the great opportunity to encourage network building among scientists and clinicians in the field of neuroscience.

The meeting will take place at the Campus „Altes AKH” at the University of Vienna.

The term “Altes AKH” refers to Vienna’s old general hospital!

Being no longer a hospital the Campus of the “Altes AKH” is a place of work for students and researchers, but also a place of knowledge exchange, of art and culture, of business and entertainment.

Don` t miss the opportunity to meet a large group of friends and specialists!

Looking forward to EuroNeuro 2012 in Vienna!

ABOUT EURONEURO

EuroNeuro is a biennial multidisciplinary meeting of medical specialists and basic scientists who care for patients with neurological diseases or traumatic brain injuries. By bringing together specialists and scientists with diverse backgrounds EuroNeuro aims to broaden our understanding of the pathophysiology of and therapeutic modalities for these disease states.

EURONEURO VIENNA 2012 IS ENDORSED BY

und Notfallmedizin

PROGRAMM

Thursday, February 16th 2012

PLENARY

DAILY DEBATE

HOW DO I

09:00 - 10:30 Uhr

Vascular Malformation and Degeneration

Recommendations for Critical Care Management of Subarachnoid Hemorrhage

Multimodality and Advanced Procedures of Cerebral Aneurysms Repair

Stenting vs. Open Endarterectomy

New Concepts and Current Understandings

Blood Brain Barrier and Formation of Cerebral Oedema

Formation of Aneurysms and AVM

New Properties of Immunoglobulins and Neuroprotection

Anaesthetize the Patient with Neurological Diseases

Sedation in the MRI

Awake Craniotomy

10:30 - 11:00 Uhr

COFFEE BREAK

11:00 - 12:30 Uhr

OPENING

Opening remarks

Lecture

12:30 - 14:00 Uhr

LUNCH

14:00 - 15:30 Uhr

Cerebral Vasospasm/ Stroke

Any Achievement with Animal Models?

Radiology

Neurosurgical Interventions in the Management of Cerebral Vasospasm

Who should perform intravascularly?

15:30 - 16:00 Uhr

COFFEE BREAK

16:00 - 17:30 Uhr

Headinjury

Cerebral Ischemia - Molecular and Biological Diagnosis leading to Potential Treatments

Bench to Bedside in Acute Brain Injury

Decompressive Craniectomy

Acute Neurosurgical Management and Interventions in TBI

Perioperative Neuromonitoring Improves Outcome?

Invasiv - non invasiv

Microdialysis

ICP Monitoring

Neurophysiological Monitoring for Carotid Surgery - On the Way to a New Strategy

Transfer my Research into Clinical Practice

Standards and Quality in Animal and Clinical Research

Clinical Trials - Between Promise and Performance

Accessing and Exchanging Information in Neuroscience

17:30 - 18:30 Uhr

INDUSTRIAL SYMPOSIUM

PROGRAMM

Friday, February 17th 2012

PLENARY

DAILY DEBATE

HOW DO I

09:00 - 10:30 Uhr

Neuroprotection and Neurotoxicity

Are Anesthetics Neurotoxic in Neonates?

Xenon on the Brain - is there a Protective Effect?

Promising Neuroprotectants, particularly Progesterone

Are Current Models likely to lead to an Improvement in Neuroprotection?

10:30 - 11:00 Uhr

COFFEE BREAK

11:00 - 12:30 Uhr

Hypothermia

Clinical difficulties in Temperature Management

Effects of Hypothermia on Outcome

Induced Hypothermia in Neonatal Hypoxic Encephalopathy

Remote and Side Effects of Hypothermia

Haemostases and Coagulation

Clinical Considerations for Patients with Stents

How to Monitor - Especially New Drugs

Advances in the Prophylaxis of Thromboembolism

Pitfalls in Cerebral Revascularisation

Guide my Therapy by Neuroradiological Findings

Interpretation of a processed EEG

12:30 - 14:00 Uhr

INDUSTRIAL SYMPOSIUM

LUNCH

POSTER PRESENTATION

14:00 - 15:30 Uhr

Fragile Brains

Delirium and POCD - a Pragmatic Approach

Postoperative Cognitive Dysfunction in the Young and Elderly

The Special Fragility of Pediatric Brains

Sedation Regimes - Any Clinical Progress?

15:30 - 16:00 Uhr

COFFEE BREAK

16:00 - 17:30 Uhr

Epilepsia

Awake Craniotomy - the Benefit of Functional Mapping

New Drug Therapy vs. Surgery

Are Anaesthetics Pro- or Anticonvulsant?

Pain

Origin and Erasure of Memory Traces of Pain

How to Quantitatively Assess Pain in Patients

Clinical Implications of Memory Traces of Pain

How to Erasure Memory Traces of Pain in Patients

Treat Cerebral Infections

Avoid Cerebral Infections

Treat Cerebral Infections

How Do I treat Pediatric Empyema

17:30 - 18:30 Uhr

INDUSTRIAL SYMPOSIUM

PROGRAMM

Saturday, February 18th 2012

PLENARY

DAILY DEBATE

HOW DO I

09:00 - 10:30 Uhr

Controversies in Anaesthetic and Critical Care Management

Perioperative Fluid Management/
Cristalloids vs. Colloids

Anticoagulation Strategies

Glucose Management to Arrhythmias

Electrolyte Disorders in
Neurosurgical Patients

10:30 - 11:00 Uhr

COFFEE BREAK

11:00 - 12:30 Uhr

Remote Effects of Brain Injury and Stroke

Pulmonary Complications

Cardiovascular Complications

Hormonal Dysregulations

Interactions between Head and
Abdomen

Deep Brain Stimulation

Deep Brain Stimulation

Electroconvulsive and Magnetic
Seizure Therapy

Options and Pitfalls

Positioning the Neurocritical Patient

Airway Management in Cervical
Trauma

Tracheostomie in Neurosurgery

12:30 - 13:00 Uhr

LUNCH

13:00 - 14:30 Uhr

Quality and Outcome in Educations

An Approach in Improved Teaching

Auditing/ Safety - CIRS

Assessment of Workload
in Neurosurgical/
Neuroanaesthesiological Enviroment

CLOSING REMARKS

CONGRESS VENUE

Altes AKH - University of Vienna
Campus - Hof 2
Audience Center
Alserstrasse 4
1090 Vienna

The term "Altes AKH" refers to Vienna's old general hospital!
Being no longer a hospital the Campus of the "Altes AKH" is a place of work for students and researchers, but also a place of knowledge exchange, of art and culture, of business and entertainment.

The construction has more than 300 years of history and was built in several phases being extended in courtyards according to the needs along the times. Congresses take place here, students meet researchers, researchers meet colleagues from all over the world, but you will also find many Viennese coming to the events or the local shops.

The courtyards are connected with passages and location maps. There is a small monument in one of the yards (a former synagogue) and a museum of pathologies which is located in a former madhouse.

REGISTRATION

Registration Fees:

	Pre-Registration (before 10/15/2011)	On-Site Registration
Members *	EUR 350,00	EUR 500,00
Non-Members	EUR 450,00	EUR 650,00
Nurses & Students	EUR 200,00	EUR 350,00
Regular	EUR 550,00	
Regular endorsing societies	EUR 425,00	
Regular Nursing	EUR 275,00	

*endorsing societies

SOCIAL PROGRAM

~ FOR ACCOMPANYING PERSON

City Tour "Historical Vienna"

This tour will give you an overall impression of the city of Vienna, including the Ringstrasse with its magnificent buildings such as the State Opera House, the Museums of Fine Arts and Natural History, the Hofburg (Imperial Palace), the Parliament, the City Hall, the Burgtheater and the Votive Church. The highlight of this tour is a guided tour through the wonderful stately rooms of Schönbrunn Palace, the former summer residence of the Habsburg family. Return via Belvedere Palace.

Classic Concerts and Museums

The concerts take place in the Golden Hall of the Musikverein, where the famous Vienna Philharmonic Orchestra is performing the New Year's Concert which is broadcasted worldwide every year.

The Spanische Hofreitschule (Spanish Riding School) is the oldest Classical Dressage riding school in the world, featuring the famous Lipizzaner stallions.

Pre- and Post-Meeting Vacations

Ski resorts in Austria

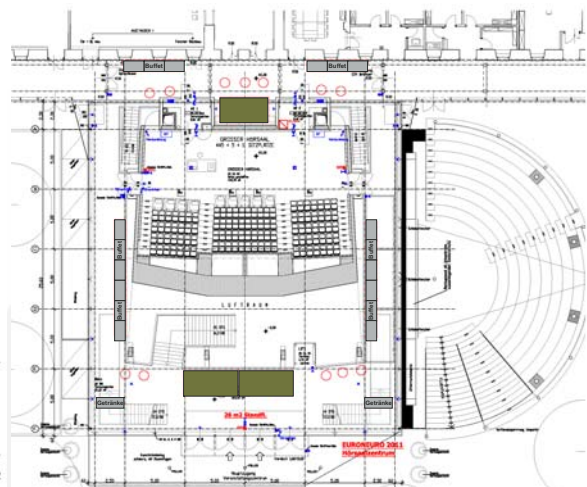

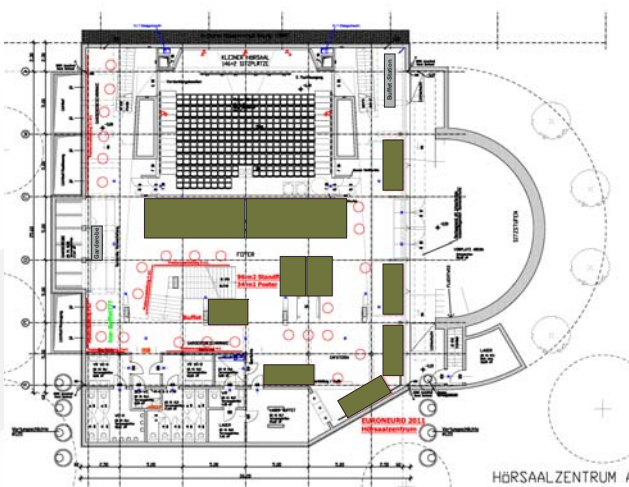

Cut fresh tracks, or soak up the sun at the top of the world, the experience is waiting just for you Austria's Ski Resorts offer comfort, challenge and sheer exhilaration.

EXHIBITION AND SPONSORING

The Organising Committee of the EuroNeuro 2012 Meeting invites Industrial Partners to exhibit at the Congress in Vienna; Austria.

For Industrial Partners as well as for Corporate Sponsors this is an opportunity to present new developments and inventions and to promote existing and new products available in the field of neurology, neurosurgery and acute care of the brain.

Early reservations ensure availability of prominent items and/or of prominent spots at this prestigious international event.
